

Continuous Enrollment – FAQs

What is Continuous Enrollment, CE?

CE is a one-time, on-line application. Each student's information is secure and includes their address, phone, primary contacts, emergency contacts, and medical information. Preschool/daycare students are currently not eligible for CE.

The CE application streamlines re-enrollment paperwork. Families are no longer required to complete all registration forms on an annual basis. The CE process also guarantee's placement for the following year.
